"I met Amy at an Augusta Chamber Women In Business luncheon where she was a guest speaker. I was impressed by her knowledge and energy, and asked her to do a training session on networking with my management staff. Amy did an excellent job at helping us understand the difference between effective networking, sales, and public relations. Her concepts are simple and straight forward, and very effective."

Kathy Crist, Owner/Administrator at Right at Home

"I have had the opportunity to observe Amy delivering presentations to both National and International conferences of BNI (Business Network International) directors as well as her new Nspired presentation for private business entrepreneurs. While finding individuals who can articulate or communicate their message effectively is not unusual; nor is locating one who is creative or motivating and inspirational. But to find a single individual that incorporates all of these attributes is, indeed, a rare find. In Amy you'll find a true gem whose talents can carry your business to new levels."

Allen Yokers, VP Sales/ Marketing at One 2 One Software Consulting, LLC

"Amy has an insight to networking that few have. This allows her to help business people achieve more in the short term and grow in the long term. She is a talented educator."

"I have recently had the pleasure of attending two of the presentations given by Nspired with Amy Kilpatrick. My first workshop to attend was "Connect The Dots" and just recently I attended "The IT Factor." Both of these presentations were on target with helping business owners, managers and employees understand how networking is an essential component of any successful business. Amy has a stage presence that captivates her audience and she's straight forward and to the point with her message leaving her audience energized and ready to get back to work and make a difference! I can't wait to hear her next presentation and

learn more helpful hints from the expert!"
